# HYDROTURBO 2008

## 19<sup>th</sup> International Conference „On Hydropower“

The 19<sup>th</sup> traditional international conference HYDROTURBO 2008 will be held from October 13 to 16, 2008 in the Czech Republic in Sport-V-Hotel Hrotovice to which are all expert in hydropower and areas related to hydropower hereby invited. Experts not only from Europe but also from overseas, from the countries with mature and developed economies and countries in which the hydropower has to face still a lot of tasks participate in this conference regularly.

The whole wide range of discussed areas will be divided into the following sections:

1. Research and new tendencies in hydropower utilization
2. Design and manufacture of equipment for hydropower
3. Operation and economy of hydropower projects
4. Small water power plants
5. Hydropower engineering, environment and renewable sources

The conference is organized by:

ČEZ, a. s., Hydro Power Plants (Czech Republic)

in cooperation with:

ČKD Blansko Engineering, a. s. (Czech Republic)

ČKD Blansko Holging, a. s. (Czech Republic)

E.ON Energie, a. s. (Czech Republic)

Pöyry Environment a. s. (Czech Republic)

Slovak University of Technology, Bratislava, Faculty of Civil Engineering (Slovak Republic)

Slovenské elektrárne, plc., Hydro Power Plants (Slovak Republic)

Brno University of Technology, the Faculty of Mechanical Engineering, Victor Kaplan

Department of Fluid Engineering (Czech Republic)

Nearly 40 presentations were registered and 150 participants from 17 countries participated in the preceding conference, which was held in Slovak Republic in 2006.

A specialized excursions to selected power plants of ČEZ, a. s., Pump Storage Hydropower Plant Dalešice and Nuclear Power Plant Dukovany will be a part of the conference.

Further current information on this conference, including the instruction how to participate in the conference, directory of participants, information about the place and all other related issues, will be continuously presented at the Internet page of ČEZ, a. s.
