TERM SHEET

The commercial paper - promissory notes (the “Notes”) of ČEZ, a. s., issued under the Program, are to be offered to prospective investors through brokers (collectively the “Brokers” and each of them individually a “Broker”) named in this Information Memorandum in accordance with the following terms:

Issuer: ČEZ, a. s.

Brokers: The persons named in Annex 1 hereto.

Issuing and Paying Agent: Any Broker in its capacity as issuing and paying agent in respect of the Notes sold through such Broker.

Volume of the Program: The Issuer acknowledges that the sum of the aggregate principal amounts of outstanding Notes issued under the Program shall not at any time during the term of the Program exceed the amount specified in Annex 1 hereto.

**Repayment Obligations
under the Notes:**

The repayment of the Notes is backed by the existence of the Brokers’ Firm Subscription Commitments in the aggregate amount specified in Annex 1 hereto (whereas particular Brokers’ Firm Subscription Commitments shall be subject to individual brokerage agreements entered into by and between the Issuer and the respective Brokers). Such Firm Subscription Commitments make it possible for the Issuer, in accordance with the terms and conditions of this Information Memorandum, and Brokerage Agreement related to the Program between the Company and the relevant Broker, to draw on funds, *inter alia*, in order to repay the Issuer’s obligations under the Notes when due. The Firm Subscription Commitments may be of limited duration, need not be available to the Issuer under certain conditions, and need not be sufficient to repay all of the Issuer’s obligations under the Notes.

Duration of Program: Five years, but may be extended (even repeatedly) by another year, unless the Issuer or Broker serves a notice of termination to the other party in respect of the agreement between the Issuer and the respective Broker. Termination of one or several agreements between the Issuer and Broker is not prejudicial to other agreements between the Issuer and other Brokers or the continuation of the Program provided that at least one Broker participates in the Program. During the term of the Program, any other person who enters with the Issuer into relevant

agreements under the Program may accede to the Program, that person will be disclosed in an updated Annex 1 hereto.

Type and Form of Notes:	Promissory notes in certificated form.
Maturity of Notes:	The Notes shall be due and payable on such day as indicated on the face of each Note as the Maturity Date; the maximum maturity shall in all cases be 12 (twelve) months following the Issue Date.
Principal Amount:	The Principal Amount of the Notes shall be fixed by the Issuer immediately before their issuance, and shall always be denominated in CZK or EUR, with the Principal Amount denominated in CZK to be always in integral multiples of CZK 1,000,000 (one million), and the Principal Amount denominated in EUR to be always in integral multiples of EUR 10,000 (ten thousand).
Calculation of Yield:	The yield shall be determined by a discount from the Principal Amount indicated as a percentage p.a., to be calculated on an actual/360 day basis.
Status:	The Notes constitute direct, unsubordinated and unsecured obligations of the Issuer, which will rank <i>pari passu</i> without preference among themselves, as well as with any future direct, unsubordinated and unsecured obligations of the Issuer, except for such obligations as may be preferred by generally binding laws.
Taxation:	Pursuant to the applicable laws. If the Issuer, or, as the case may be, the Issuing and Paying Agent, is required to make any payment in connection with the Notes subject to withholding or deduction for or on account of any present or future taxes, duties or charges of any kind, the Issuer, or, as the case may be, the Issuing and Paying Agent, shall make such payment after such withholding or deduction has been made, and demonstrate to the Broker, upon its request, the amount so required to be withheld or deducted. Neither the Issuer nor the Issuing and Paying Agent shall be obliged to pay any additional amount to any Noteholder in respect of such withholding or deduction.
Delivery:	The Notes shall always be delivered against payment received by the Broker for the account of the Issuer. If so provided in any agreement between the Issuer and the relevant Broker, such Broker may charge its clients a handling fee for each operation for their account, and offer its clients, on their cost, acceptance of the Notes into custody.
Repayment:	The principal amount of the Notes shall be due and payable on the Maturity Date as indicated on the face of the Notes or at any later date upon presentation of the Notes. Notes shall only

be repaid upon presentation and delivery at the registered office of the Issuing and Paying Agent as indicated on the face of the Note opposite “payable by”. Subsequently, the Issuing and Paying Agent shall pay the Principal Amount to the account of the investor. If the Maturity Date is not a Business Day, the payment shall be made on the Business Day immediately following, and no default interest shall accrue and be payable. For this purpose, a “Business Day” is deemed to mean any day on which commercial banks in Prague are open for general business and on which transactions in CZK and EUR-denominated deposits are carried out on the Prague inter-bank market. This shall not be prejudicial to the statutory provisions regulating the prescription of rights under the Notes.

**Exclusive holder
and owner:**

For the purpose of receiving payments and for any other purpose, the Noteholder whose name is indicated on the Note as the name of the holder thereof shall be deemed to be its exclusive holder and owner.

Governing Law:

The Notes shall be governed by the laws of the Czech Republic.

Based on the Bids presented, the Issuer, at its sole discretion when evaluating the individual Bids, may decide to issue Notes with the Principal Amount lower or higher than the required Tranche Volume or not to issue any Notes at all. Nevertheless, when deciding to issue Notes on the basis of the Bids submitted, the Issuer shall issue the Notes so that, it shall rank the Bids (separately for amounts to be drawn based on the Brokers’ Firm Subscription Commitments and outside of such Firm Subscription Commitments) from the lowest accepted Yield to Maturity, to the highest accepted Yield to Maturity, and accept the Bids of individual Brokers in accordance therewith. If there are two or more Bids containing the same Yield to Maturity, the Issuer shall accept such Bids in proportion to the volumes of such Bids.
